ABOUT US

Dalby Welcoming Community Inc. is dedicated to making Dalby a great place to visit, live, work, and play, primarily through organising Dalby's Delicious and De**LIGHT**ful Festival.

Founded in 2008 and incorporated in 2016, the group involves local schools, community organisations, and cultural groups in the festival.

The group also runs the Skilling Queenslanders for Work Program, helping overseas-born participants gain work experience and study, with a 100% employment success rate.

In addition, Dalby Welcoming Community has organised art exhibitions, partnered with local organisations, and contributed to the development of the Myall Creek Masterplan.

WHAT'S NEW IN 2025

In 2025, Dalby's Delicious and De**LIGHT**ful Festival will embark on an **exciting new chapter**, bringing an even richer celebration of the cultures that make up our region.

What started as a weekend event has grown into a lively **week-long** experience, expanding its horizons to showcase the best of the last 15 years, with new **adventures, flavours**, and **entertainment** around every corner.

With a theme of **Lanterns, Laughter**, and **Local Flavours**, Dalby's largest festival invites visitors to immerse themselves in our vibrant culture. Live like a local, eat like a local, and discover what makes this region so special.

As the proud **Energy Capital of Queensland**, home to coal, gas, solar, wind, and hydrogen industries, this year's festival will introduce a new feature:

The Light Installation Exhibition!

Running for three nights, the exhibition will give renewable energy companies and suppliers the chance to **showcase their commitment** to our region by creating spectacular individual light exhibits for the 3 day long lighting exhibition.

It's a celebration of our past, present, and future—shining a light on the innovation driving Dalby forward.
